

PHARMACEUTICAL PRODUCT QUALITY COMPLAINT FORM

Document Reference: QMS-EXT-2026-0889 | Date of Report: 2026-04-14

1. Complainant & Healthcare Facility Information

Complainant Name: Pharmacist Maria Garcia

Facility: Farmacia Central Madrid

Address: Calle Mayor 45, 28013 Madrid, Spain

Email: maria.garcia@farmaciacentral.es

Phone: +34 91 555 0192

2. Product & Batch Details

Product Name: Paracetamol 500mg Film-Coated Tablets

Batch / Lot Number: PT-4471-A

Manufacturing Date: 2025-10-12 | **Expiry Date:** 2028-10-31

Dosage Form: Solid Oral Tablet (Blister pack of 20)

3. Incident & Defect Description

Upon opening two distinct commercial boxes from shipment lot PT-4471-A, dispensing staff and patients observed significant physical defects. Approximately 4 out of 10 tablets in the inspected blister strips showed excessive chipping around the edges, surface crumbling, and visible transverse cracking across the scoring line. One patient reported that the tablet fragmented into powder upon push-through extraction from the foil blister.

No adverse patient health consequences or toxic reactions have been reported to date, but defective units have been quarantined at the pharmacy storage to prevent further distribution.

4. Initial Containment & Storage

48 unsold blister packs from batch PT-4471-A have been segregated in the pharmacy quarantine locker under controlled room temperature (20°C - 25°C). Samples are held available for QA inspection and pickup.
